**Subject:**  
**Williams Scotsman**  
**Alaska Experience Modification Factor**

To whom it may concern:

Alaska shares an interstate experience modification rate as issued and produced by the National Council on Compensation Insurance, Inc. of .97, 1.11 and 1.18 for the years 2011, 2010 and 2009 respectively. If Alaska's experience were to stand on its own using the NCCI rating formula its experience modifications would be .91, .92 and 1.53 for the same years respectively.

Should you have any questions or concerns please do not hesitate to contact me.

Kind regards,

*Cristy Bethancourt*
